

CYCLE KILKENNY BUILDING VIBRANT COMMUNITIES

**ONLINE MEETING FOR
COMMUNITY GROUPS
TUESDAY, 2ND MARCH,
7.00–8.30PM
VIA ZOOM**

Kilkenny Leader Partnership, Kilkenny County Council and Kilkenny Recreation & Sports Partnership invite you to attend an online meeting about increasing cycling, walking and local living in our city.

With the uncertainties caused by Covid-19, our towns and cities need to re-imagine how we bounce back and revitalise our local economy. We need to think about how we create places that people enjoy and are drawn to in light of remote working, local living, online retail and medium term Covid-19 restrictions.

A new cycling and active travel group, Cycle Kilkenny, led by Kilkenny Leader Partnership and Kilkenny County Council, want to hear from community groups about what we can do together to build a vibrant and sustainable Kilkenny City. The meeting will feature brief presentations from Cycle Kilkenny on the benefits to increasing cycling in our city and plans for cycling developments, some tips on how we can use collective social media to engage with our communities on cycling, and ideas for how community groups can engage with and support their members and local communities to cycle more and cycle safely.

There will be time for you to share your hopes, concerns, and any initiatives you have undertaken or planned to encourage more walking and cycling amongst your communities.

If you are interested in attending please [register on Eventbrite](#). An agenda and the meeting link will be circulated in advance.

We look forward to seeing you there,
